## DO YOU KNOW THE DIFFERENT TYPES OF FIRES?

Not all fires are the same. Different fuels create different fires and require different types of fire extinguishing agents.

**CLASS SYMBOL PICTOGRAM MATERIALS EXAMPLES Ordinary** Wood, fabric, paper, plastic, combustible trash and rubber materials Gasoline, petroleum oil, paint, **Flammable** propane, butane, solvents, oils liquids and gases and alcohol **Energized** Computers, faxes, motors, electrical transformers and appliances appliances Magnesium, titanium, **Combustible** sodium, aluminum, lithium metals and potassium **Cooking oils** Oils, animal and and greases vegetable fats
